

Säntispark Streaming Studio

Would you like to reach a global audience in real time? Stream your high-quality hybrid event live from the 38 m² streaming studio in Hotel Säntispark and broadcast it across platforms such as Skype, Zoom, MS Teams, YouTube, etc.

What can our streaming studio be used for?

- Interviews, e.g. introducing new business associates, expert discussions
- Panel discussions
- Speeches
- Press conferences
- Product presentations
- Training events
- Workshops

The streaming studio here at Hotel Säntispark offers many opportunities – from broadcasting to your audience to interacting with them (via chat or live polls). We support you in conjunction with **Frick Sound n' Light GmbH** (FSL Event Technology) of Niederuzwil. www.fslschweiz.ch
